distress and by women organisations, are proposed to be set up in Delhi; and

(b) if so. what are the details of the scheme and the steps so far taken for implementing it?

THE MINISTER OF STATE IN THE DEPARTMENT OF INTERNAL SECURITY (SHRI ARUN NEHRU); (a) A special Cell for Crimes against women has been set up in Delhi Police. Recently, the Department of Women's Welfare of the Ministry of Human Resources Development has also recognised four national level volunlaiy organisations whose task to assist women in distress.

(b) The Cell for Crimes against women deals with specified crimes and also conducts enquiries into cases under the Criminal Procedure Code where cruelty[atro-cilies against women are reported. Representatives of the four national level voluntary organisations will carry identify cards issued by Hie Delhi Police. On the basis of wide public contact and the special attention devoted exclusively to the cause of women, these organisations will, when necessarv, make complaints to the concerned police stations and also directly to the Courts who will take cognizance of these reports foe investigation.

Research in high altitude medicine aiad agriculture

1884. SHRIMATI KRISHNA KAUL: DR. LOKESH CHANDRA:

Will the PRIME MINISTER be pleased to state:

(a) what are the details of research work undertaken by the Defence Research[1] and Development Organisation regarding high altitude medicine and high altitude agriculture during the last one year; and

(b) what steps are being taken to produce such medicines and to popularize high altitude agriculture?

THE MINISTER OF STATE IN THE DEPARTMENT OF DEFENCE RESEARCH AND DEVELOPMENT (SHRI ARUN SINGH); (a) Few drug/chemical agents have been experimented on animals under simulated conditions to improve hypoxia tolerance and increase work efficiency at high altitude.

In Agriculture discipline, Defence Research & Development Organisation (DRDO) has developed high yielding and cold resistant varities of vegetables, cereals and have standardised the technique of growing Mushroom, rearing of Milch cattle. Poultry etc. in high altitude conditions.

tb) After successful trials on animals and human beings, the drugs will be recommended for adoption.

The knowledge developed by DRDO in the agriculture discipline is disseminated to the locals through demonstrations in the 'farmers' fields' organising 'Kisan Melas' and talk through AIR.

Pensions *o freedom fighters released earlier because 0<7 Gandhr.Irwin Pact
